## MARILYN KING

Featured in the new book, Enlightened Power - How Women are Transforming the Practice of Leadership, Marilyn King's influence reaches beyond sports into areas of business, leadership development and exceptional human performance. Marilyn was already a two-time Olympian when a devastating automobile accident left her unable to train physically for her third Olympic team. Using only mental training she placed second in the demanding 5-event pentathlon at the 1980 Olympic Trials.

Since then, Ms. King has become one of America's leading authorities on exceptional human performance. With over twenty-five years of extensive research into the secrets of extraordinary accomplishment in sports, business, and education, she delivers powerful, proven, and practical tools that help her audiences release the 'Olympian' within themselves. Her common sense approach, unique insights, and inspiring presence deliver lasting results (and standing ovations) wherever she speaks.

**"...everyone I spoke with afterward thought it was exceptionally well presented, thought provoking and very appropriate for TECHMATICS. The message was a perfect fit for our corporate strategy which guides our growth in the 21Century. Thank you for your unflinching commitment to world peace."**

*Joseph Maurelli, President and Chief Executive Officer, TECHMATICS*

**"The final votes are now in and, without question, you were not only one of the highlights of our National Conference, but rated one of the finest speakers we've ever had in our nine years of conference experience. Congratulations on another Olympian performance!"**

*James M. Cascino, Senior Vice President-Sales & Marketing, Institutional Financing Services*

**"The way you tell your story and inspire each of us to do extraordinary things has propelled many of us to greater and greater levels of awareness, confidence and excitement! ...Thank you so much for doing what you do, being who you are, and taking such a profound message out into the world....the word I continue to hear to describe you, your speech and everyone's experience with you just happens to be one of my favorite words: AWESOME!"**

*Annie Rohrbach, National Association Of Professional Organizers*
